Mr. Bloom,

Hi Saul, David was transferred out of Loren Henning's section, and as a result I have been assigned the Treasure Island Naval Station Site and FOIA request you submitted to Nicole Moutoux of EPA on behalf of Arc Ecology in August 2014. I assume you have been notified by the FOIA office that your fee waiver appeal has been approved and our response is now due on April 13, 2015. We have resumed our search and review of documents associated with the 1991 Hazard Ranking/Assessment HRS Packet, including #2255850 and "all related materials, etc." I also understand that your request is limited to the 1991 HRS and subsequent information, and you did not intend to include the 1988 HRS information in your FOIA request. Please confirm this scope, as this could impact our timeline for review. Thank you very much, and my contact information is below if you have any questions.
